Connect.
Powered by Phreesia

A faster, more convenient online patient referral process

Chat 1:1 in real-time with patients and other provider groups

Schedule referred patients twice as fast

Verify patient insurance prior to processing referral

Gain valuable insights to better optimize your referrals workflow

Your patient referrals. All on one screen.

The Connect platform offers a faster, more convenient referrals process. Every referral that comes in – whether via fax or online – can be managed from a single screen, allowing for quicker scheduling and better continuity of care.

Providers that use Connect can eliminate common issues associated with a more traditional referrals process, such as **higher referral costs, gaps in care** and **administrative efficiency.**

The Connect Difference

46%
Fewer faxes for patient referrals

50%
Decrease in the number of days to schedule a referred patient

21
Minutes saved per patient referral

Network Liaisons handle onboarding your sending providers through:

Outreach campaigns to raise awareness

1:1 demos and trainings

Technical set-up and implementation

Continuous support for sending providers
